About this booklet

The book is an official source of information for all stakeholders, such as students, teachers, international students and researchers as well as all others needing information about SUE.
 Salahaddin University- Erbil

Salahaddin University-Erbil (SUE) was essentially founded in 1968 in the city of Sulaimani. In 1981, the University was moved to Erbil. SUE is the oldest and largest public university in the Kurdistan Region of Iraq (KRI). It is an educational home to more than 26,000 undergraduates and more than 900 postgraduate students. It offers more than 78 undergraduate majors and awards degrees of bachelors, masters and doctorates. The programs include Engineering, Science, Law, Political Sciences, Agriculture, Business & Administration, Physical Education, Basic Education, Art and Sociology, Fine Arts, Languages, Religion, and Teaching methods.
SUE has more than 2143 academic staff and 4,000 employees. The University also serves national and international needs by offering consultancy, educational and research activities in communities throughout the state; and through research and training exchanges and world-wide partnership programs. The university has prided itself in enriching the cultural, political, and industrial sectors of Kurdistan for four decades, playing a major role in the advancement of Kurdish society.

Vision & Mission

Mission:
SUE works to educate future professionals who are creative, innovative and striving for continuous improvement of their knowledge and professional skills. They will be equipped to meet future life challenges and have an impact on their local as well as global environments in the areas of their expertise.

To achieve this mission, SUE provides,
- An internationally recognized innovative educational platform
- Internationally recognized research centers for developing innovative research.
• Education for industry leaders by providing excellent accredited programs and training to undergraduate, and post-graduates.
• Extensive learning centers using the latest internationally recognized technology.
• Advanced knowledge acquiring platforms contributing to the regional economy.
• Reliable, responsible and reputable academic community for all stakeholders.
• Decentralized administrative.
• Practice-based education, research and knowledge transfer to shape the purpose-based future professionals.
SUE Vision:
SUE aspires to rival internationally recognized university, leading regional higher education, research and academic collaborations with other global institutes worldwide for the purpose of academic excellence and mutual achievements.
To be a leading university for creative and professional practice inspired by innovation and enquiry.
Key Objectives:

To raise the level of study at SUE to international standards, we work hard to achieve the following:

• Opening its door to students and academics all over the world regardless of their backgrounds.
• Planning to have reasonable and affordable tuition fees that vary according to the disciplines of study.
• Providing an ideal learning and teaching environment for local and international academics.
• Encouraging and facilitating studying abroad for the university staff and students.
• Promoting staff and students participation in local and international conferences.
• Establishing academic and scientific cooperation with universities around the world.
• Engaging with private sector companies and institutions on mutual investments.
Studying at SUE:
Salahaddin University-Erbil adheres to the regulations of Higher Education in the Kurdistan region, issued by the Ministry of Higher Education and approved by Kurdistan Regional Parliament in 2009. Accordingly, the study at SUE is free for both undergraduate and postgraduate students.

Undergraduate studies:
Undergraduate studies last for four academic years. B.Sc. and B.A. degrees are awarded to students in 78 different disciplines.

Master degree studies:
This is a two-year program. The first year includes two semesters (15 weeks each); and the second year is for research writing (thesis). In the end, the student must succeed in their thesis defense; with the overall average of no less than 70%.
PhD degree studies:

Study at SUE leading to PhD degrees are completed via two systems.

- **Traditional system:** This takes three academic years. The first year includes two semesters (15 weeks each) followed by a comprehensive examination, and then two years for the writing of a dissertation.

- **New system:** This is called a Split-Site PhD Program. It takes four years; and the students must have two supervisors; one from SUE and a second one from an internationally recognized university abroad (international supervisor).

The student spends the first 18 months with the international supervisor in their center of excellence, conducting a literature review and experimental laboratory work related to their research. Then, the student returns to SUE to continue the study with the local supervisor. The tuition fees of the study is fully funded by the Kurdistan Regional Government (KRG).

**Additional Systems**

- **The Parallel System:** This is equally applied in both undergraduate and postgraduate studies. When the number of applicants exceed the admission capacity plan, based on lesser qualifications, other applicants must pay suitable tuition fee to the university.

- **Bologna System:** SUE intends to adopt the Bologna System in its next academic year in September 2019. The colleges will start applying the Bologna System with the first year of the undergraduate program.
Language of Study

At SUE, both undergraduate and postgraduate studies are taught in Kurdish, English and Arabic.

- Scientific Colleges: Engineering, pure sciences and applied sciences are all taught in the English language, with all textbooks and journals also in English.
- Humanities colleges: Arts, Fine Arts, Physical Education etc. are taught in both Kurdish and Arabic. The textbooks and periodicals are available in either language.

Colleges

Salahaddin University-Erbil has 15 colleges with a total of 78 departments.
- College of Engineering: Civil, Architecture, Software and IT, Chemical Engineering, Electrical, Mechatronic, Dam & water resources, and Survey departments.
- College of Science: Biology, Chemistry, Physics, Geology, Mathematics, Computer Sciences and Environmental Science departments.
- College of Law. Law department
- College of Political Science. Political Science department.
• College of Languages: Kurdish, Arabic, English, French, German, Turkish and Persian language departments.
• College of Education: Biology, Chemistry, Physics, Mathematics, Kurdish, Arabic, English, Special Education, Assyrian language, Education and Psychology departments.
• College of Arts: Geography, History, Psychology, Media, Philosophy, Archeology, Sociology, and Social Work departments.
• College of Basic Education: General Sciences, Mathematics, Social Sciences, English, Kurdish, Arabic, and Kindergarten departments.
• College of Administration and Economics: Economics, Statistics, Accounting, Administration, Finance & Banking departments.
• College of Physical Education and Sport Sciences: Individual games, and Group Sports departments.
• College of Islamic Sciences: Sharia, Islamic Studies, and Fundamentals of Religions departments.
• College of Fine Arts: Cinema and Theater, Music and Painting, and Tourism Organizations Management departments.
• College of Education at Shaqialwa: Kurdish, Physics, Biology, and physical education departments.
• College of Education at Makhmoor: Kurdish and Arabic departments.
Also, SUE has two Evening Colleges:

- College of Basic Education
- College of Physical Education

**National University Ranking (NUR) of SUE (2017-2018)**

Following the announcement of NUR of the Kurdistan Region universities in 2017-2018 by the Ministry of Higher Education and Scientific Research (MHE), Salahaddin University-Erbil ranked first among all the other universities. The University President, therefore, congratulated the staff and students on such a well-deserved accomplishment and stated that the University has always been at the forefront in higher education in the region.

He also added in an interview that the achievement was expected since the University has been ranked well recently in two reliable organisations for university rankings.

It should be noted that many media and newspapers have covered the news and recognized the great achievement of Salahaddin University, which reflects the hard work made by all staff members (Academic and Administrative).

**Webometrics Rankings (2018)**

Salahaddin University is the 2nd amongst all public and private universities in the Kurdistan Region in Webometric Ranking for the year 2018.

SUE New Campus

The New Campus will unify the current dispersed academic facilities into one integrated Academic campus creating a green and iconic learning and living community.

The New Campus captures the cultural heritage and history and introduces architectural features that are relevant to the city and the region in general. The iconic design of the Presidency building and University administration (Administration 1) is inspired from Erbil's Citadel and the old Choli Minaret. It is the front gate to the campus and a lantern that glows at night providing another landmark to Kurdistan and Erbil.

International Relations Office

The Directorate of International Relation operates under supervision of the president of Salahaddin University Dr. Ahmed Anwar Dezaye (ahmed.dezaye@su.edu.krd) and is directed by Dr. Mazin A. Othman (mazin.othman@su.edu.krd) (mazin.othman@su.edu.krd), (international.relations@su.edu.krd)

The office of International Relations at SUE has three units:
Unit of Scholarships: This unit, in cooperation with all the colleges linked to Salahaddin university, puts forward plans of scholarships to send graduated students abroad to do their Masters and PhDs. The plans are mainly based on the needs of the colleges to increase the number of qualified academic university teachers and researchers, and to promote further knowledge in rare specializations.

The graduate students are often sent to English-speaking countries. Salahaddin University also sends students to non-English speaking countries like France, Germany and Russia when required and as per the scientific agreements between KRG and those countries. The Unit of the scholarship also looks after the students who study abroad, and follows up the progress of their study to provide them with the administrative assistance needed.
Language Centre - A Bridge for your Success

This is a self-funded center at SUE, which was founded in 2004. It offers training courses for Kurdish, English, Arabic and other languages, translation, academic writing and other capacity building skills. The center supplements student’s studies and enhances the communication skills of both undergraduate and postgraduate students. It also offers foreigners living in Kurdistan an opportunity to undertake Kurdish language courses.

Training courses are also opened to those who wish to do the TOEFL and IELTS tests. The courses are primarily for university staff, as well as others.

The center also offers pre-sessional English language proficiency courses to Master and PhD candidates, whose international language test results do not meet the required grades for admission to higher studies. By taking these courses, the candidates could then officially start their higher studies programs.
Salahaddin University Research Center

The Research Center at Salahaddin University, Erbil was established in December 2006. There is a group of experts specialized in different research areas in the center. It consists of an administrative and a research section.

Administration Section:
The Research center has the following units:
HR, Finance, Logistics, Academic Relations, Media, Planning and library.

Research Section:
There are ten labs in the center. Each is used for a specific purpose; Cell Biology & Tissue Culture, Molecular Biology, Molecular Biotechnology, Microbiology, Chemistry, Computational Nanoscience, Optical fibre, Communication, E-Learning and Erasmus plus Genetic Lectures Recording Center.

Online Lectures Center

Attended by the University president, Salahaddin University-Erbil announced opening the Internet Centre for recording online lectures at the University research center.
This followed a visit by the Erasmus Plus delegation to the University. The University president explained the role of the project to the visiting delegation stating that the project is a way to facilitate learning for students and it would enhance the academic progress at the university.
E-Learning Lab in SUE

Among the mutual projects between the European Union and SUE, attended by SUE president Dr. Ahmed Dezaye, vice-presidents, deans, and members of the University Council, SUE opened an eLearning lab in Technology Center. The project was funded by the Erasmus Mundus Plus program of the European Union.

As SUE president stated, “This lab will help the teachers to further develop their pedagogical skills, and in designing and developing effective curriculum.” He also explained that after teachers are trained in the lab, they can record their lectures in Ibn Sina Centre and these will be uploaded to the university website. Students can have access to the materials. This program is supervised by Leipzig University in Germany in which 13 universities have participated from Europe, Iraq and Iran.

SUE president maintained that this project would promote new methods of teaching in higher education. To start the project, three teachers will be sent to Greece to participate in a ten-day training course. They will be training other SUE teachers in the lab upon their return.

IT Center

IT center is located in the Language Centre of Salahaddin University-Erbil. It offers technical support for the university staff and students experiencing issues in a wide range of areas, such as:

- University staff emails
- University Students’ emails
- Quality assurance system
- Students’ results
- Websites and webpages of colleges and conferences
- Learning Management System (LMS)
- Database of masters and PhD projects
- Teachers’ profiles
- Official University website

Currently, the center is undertaking projects such as student online registration in their courses as well as university accommodations.

On a regular basis, the IT Centre also provides training courses for higher education, registration and IT units in the colleges along with the University teachers introducing them to the ongoing updates in the University’s online system.

The Cultural and Social Center

The Cultural and Social Center of Salahaddin University–Erbil was established in 2002. It is located in the campus of the College of Engineering on the Kirkuk–Erbil main road. The center is one of the university’s venues which is open for different events organized by Salahaddin University–Erbil, other universities, ministries, and organizations and companies of the private sector. It is well-equipped with technology resources and the necessary facilities required for launching conferences, seminars, training courses, workshops, educational fairs, national occasions, and community events.

Inside the Center, there is a circular-looking lobby in the middle and close to the main entrance. It suits up to 150 persons and leads to a 300 seat conference room, a 100 seat event room, two 25 seats seminar rooms, and a 25 seats computer lab. There are two dining halls that can be convenient for 200 persons. Recently, the university approved building a state-of-art restaurant, which can hold 250 persons with a VIP dining area, fitness (gym) hall, summer swimming pool and sauna, an outdoor theatre with a capacity for 200 spectators. Moreover, there are spacious green areas, children’s playground, and a car park.
The Career Center

Salahaddin University-Erbil Career Center as the first of its kind in the region was established in February 2012. The Career Center is dedicated to delivering programs and services that enrich students' opportunities. Its mission is to better serve the regional and national economy by linking the growing private, nonprofit and government sectors to the university, and help prepare students to align their competencies and capabilities with suitable employment opportunities. It is dedicated to providing an array of comprehensive services and collaborates with academic departments to help students succeed in their pursuit of academic and career goals. Students are provided with the opportunity to have career planning sessions, work experience prior to graduation and assistance with skills development opportunities. They are assisted to develop their maximum potential through various career-related activities. These include internships, training courses, study-abroad opportunities and job searching techniques.
AVICENNA-LEARNING CENTER

Our mission is to serve the AVC e-learning Centre of excellence and record e-courses material for the lectures and train the professors of SU via e and M learning process. The application of this new technique is for education and training knowledge and using the new technique for expanding the knowledge, and also working with partners to develop the style and putting new strategies for using the idea of e-learning in education and training programs.
Zanco Academic Journals

ZANCO Journals are published by Salahaddin University – Erbil, Department of Scientific publications, it includes two journals the first is ZANCO Journal of Pure and Applied Sciences with p-ISSN: 2218-0230, e-ISSN: 2412-3986 and DOI: 1021271/ ZIPAS, and it has been indexed by DOAJ. The second is ZANCO Journal of Humanities with p-ISSN: 2218-0222, e-ISSN: 2412-396X and DOI: 10.21271/zjhs. Responsibility for the contents rests upon the authors and not upon Salahaddin University – Erbil or the journal Editorial and Advisory Boards.
Student Life and Accommodation

20% of the students at the Salahaddin university are living in two main residential accommodation compounds known as (Shahid Shawkat and the 18th Shubat), also extra buildings have been rented for both male and female students for this purpose.

80% of the new student accommodation compounds have been constructed with modern standards, and these accommodate 2200 students.

Every year, 5,000 students are accommodated by the university. This process is run by the office of the vice of the president of the student affairs, that consists of two administrations for both male and female students. More than 348 employees work in the administration of student accommodations. There is continuous maintenance including repairing, fixing, and cleaning of the dormitories to make sure a healthy and comfortable environment are provided for students.

Annually, there are activities held by/for on-campus students, such as seminars and activities on lifestyle and other matters of student interest.
Salahaddin University Guest House

Established in 2009 and it consists of 24 suites, each suite contains a bedroom, a bathroom, WC, a kitchen and a sitting room. There is a big reception hall and a lobby and there are four big halls between the suites. It also has a big hall for conferences and meetings. There is a restaurant providing daily breakfast. The Guest House is surrounded by a big garden. It offers a spacious parking area with 24 hours security.

University Libraries

SUE has a main central library located on the Kirkuk road, near to the College of Science. The central library is open Saturday to Thursday from 09:00 to 15:30. The central library offers to the readers a wide range of local and international references, scientific journals and periodicals in Kurdish, English and Arabic. The library catalogue covers all humanitarian and scientific disciplines. It is estimated that the university has over 2 million books in the libraries combined.
Degree Congregation Ceremony

Every year, nearly 4000 students graduate from SUE. Traditionally, the degree certificates are awarded in a ceremony held at the SUE stadium on July 1st each year. It is a spectacular celebration.

Directorate of Grants & Academic Projects

Directorate of Grants and Academic Projects is a new office established on January 17th, 2018. During the past 15 years, many national and international grants and academic projects have been awarded and implemented at Salahaddin University-Erbil (SUE). The purpose of this new establishment is to gather all the grants and academic projects at (SUE) under a unified project; organizing, arranging and archiving all the academic projects in one office. Grants achieved will show the strength of scientific activities conducted at SUE and will be public. The office is run by the assistant professor Dr. Mohammed Azeez Saeed.
Internationalisation of Salahaddin University

According to the law of Higher Education in the Kurdistan Region, study at SUE is free for both undergraduate and postgraduate students. Only students that graduate from high schools located within the Kurdistan Region are entitled to apply to SUE. These must prove they are Iraqi nationals. The internationalisation of the university can be achieved only by allowing students from all over the world to apply for study at SUE and create opportunities for international university professors to teach and conduct research at the university.

OPATEL

Online Platform for Academic Teaching and Learning (OPATEL) Project. OPATEL is a three-year project started on October 15, 2016, and is funded by the European Union through the Erasmus plus program that concentrates on
providing Iraqi and Iranian students and teachers with competencies and skills needed by using Learning Management Systems in Education. The aim of OPATEL is to develop an E-Learning center to train staff and students in Iraqi and Iranian universities by using an online platform for teaching and learning to adopt the best practices in ICT in education, as well as raising competencies of lecturers and teachers to enhance the learning processes in general. The use of online Platform will steer the education, technical ICT in the right direction. Training of staff to enhance and further develop their skills will promote reform and modernization of higher education in both countries.
University Health Center

University Health Center was established in 2002. Since then, the center has treated 48000 cases of the students, teachers and employees. It offers the following services:

1. General Practitioner
2. Optometrist
3. Dermatologist
4. Gynecologist
5. Radiology Unit
6. Dental Unit
7. Physical Therapy Unit
8. Lab Unit
9. Pharmacy Unit
Erbil City (Hawler)

Salahaddin University–Erbil (SUE) is located in the city of Hawler. The geographical location of the city is 36.2oN Latitude, 44.0oE Longitude and 420 meters above mean sea level. Hawler is the fourth largest city in Iraq after Baghdad, Basra and Mosul. The city lies eighty kilometers east of Mosul and is the capital of the Kurdistan Region of Iraq.

Life in Hawler can be dated back to at least 6000 BC, and it is one of the oldest continuously inhabited cities in the world. At the heart of the city is the ancient Citadel of Hawler. The city has witnessed the rule of many regional powers, including the Assyrians, Babylonians, Persians, Arabs, and Ottomans. The city’s archaeological museum houses a large collection of pre-Islamic artefacts and is a center for archaeological projects in the area.

The climate of Hawler is affected by cyclones and anticyclones developing on the Mediterranean Sea basin during the winter and summer months.
